INTEGRATION GUIDE

INTEGRATION@ITURANUSA.COM

INFO@BLYTZPAY.COM

BENEFITS:

Automated payment processing: GPS automation can trigger automated payment processing, eliminating the need for manual intervention and reducing the risk of errors and enhancing compliance (as integrations are “working” 24/7).

Enhanced security: Payment processing providers offer robust security measures to protect sensitive customer information, reducing the risk of data breaches and fraud.

INTEGRATION@ITURANUSA.COM

INFO@BLYTZPAY.COM

WHO CAN USE IT:

The integration of Ituran GPS and blytzpay systems offers numerous benefits to mutual customers.

FEATURES:

Starlink: Manage your entire workflow from one screen, one system. Seamless automation - send payment link via text to customer when their car is disabled and they are trying to start it. Send a GPS command to Enable the vehicle as soon as payment was made in blytzpay.

HOW TO SET IT UP:

Contact Ituran & blytzpay support team and we'll get you rolling.
